VISION

- Report on important issues concerning MSJC, and the students that attend the institution to better connect the student with the institution
- Promote awareness of activities that occur on campus and throughout the community MSJC serves
- Inform MSJC students of events and information critical to success in higher education
- Create a venue for the student voice which fairly represents the diversity of students that attend MSJC in an ethical manner
- Support academic freedom for legitimate intellectual viewpoints in academia and the culture as a whole
- Support MSJC students with communication/journalism/english/multimedia focused workshops, lectures, competitions, and scholarships
- Create a forum where students can network with others with similar interests, gain experience in writing and community involvement, and understand the education system
